

Guest House Board Dissolved, A New One Reconstituted

The Board of the University Guest House was dissolved last week and a new one was reconstituted with the Deputy Vice Chancellor (Academics), Professor Mohammed Yahuza Bello, the Registrar, Alhaji Sani Ibrahim Amin and Professor Murtala Sagagi to serve as the executive members.

Speaking, Professor Murtala Sagagi, who retained his position as the Managing Director, remarked that the dissolution of the Board was done in line with the laid down rules and regulations of the University management.

The Managing Director commended the former Board members for transforming the physical outlook and financial status of the Guest House and eulogized their commitment, hard work and exuberance during their tenure.

Professor Sagagi revealed that massive transformations were

recorded to include a 250 seater conference hall and two suites and chalets, in addition to maintaining the existing standard rooms, as well as taking over the responsibilities of salary payments and financial obligations.

The Managing Director stated that the statement of account of the Guest House stood at fourteen (14) million Naira and that the Guest House was indebted to a little over seven (7) million Naira.

The reconstitution of the new Board, which was held during the Annual General Meeting saw Professor Mohammed Yahuza Bello succeeding Professor Kabir Ahmad as the new Chairman of the Board.

The former Chairman, Professor Ahmed, expressed appreciation to the members for cooperating with him which yielded positive dividends. He assured that the new members given their competence and capabilities would fortunately transform the future of the Guest House.

The 3 Executive members are:

Professor Mohammed Yahuza *Bello* –
DVC (Academic).

Alhaji Sani Ibrahim Amin – *The Registrar*

Professor Murtala Sagagi – *MD (Business Admin Dept).*

While the non-executive members are:

Barr. A. S. Umar – *Ag. Director Vice Chancellor's Office.*

Dr. Ali Ahmed Yakasai – *Chemistry Dept.*

Dr. Binta Tijjani – *Economics Dept.*

Malam Buhari Musa – *Bursary Dept.*

Dr. Muhammad Ibrahim Yakasai – *Faculty of Education*

Dr. Mukhtari Halliru – *Business Admin Dept.*

Biochemistry Conducts Orientation for New Staff

The Biochemistry Department organized an orientation for newly employed staff as a formal welcoming ceremony to the department and to introduce them to the culture and philosophy of the University on 20th April, 2012.

The Chairman of the occasion, Dr. M.K Atiku, said the ceremony was first of its kind in the history of the department. He enjoined the new staff to abide by the ethical conduct of their profession.

On his part, Professor M. S. Sule, tasked the staff to adequately prepare for their new responsibilities and advised them to be fair and just in discharging their duties. Prof. Sule further cautioned them to focus more on their primary assignments and disengage from derailments during lectures and bribery and corruption, as well as intimidation of students.

Dr. A. M. Wudil and Dr. A. J. Alhassan, who also spoke at the occasion, challenged the newly employed staff to respect the spirit of team work and punctuality, as well as improve the teacher/student relationship.

Dayyabu Shehu and Aliyu Maje, who spoke on behalf of the employees, expressed their appreciation for the kind gesture and reiterated their readiness to contribute positively to the department and the University at large.

The newly employed staff present at the occasion were: Dayyabu Shehu, Shehu M. Auwal, Kamaluddeen Babagana, Murtala Ya'u, Aliyu M. Bello, Muhammad M. Jibril, Jamila A. Mashi, Maryam A. Dangambo, Abba Babandi and Dalhatu Ishaq.

Meanwhile, the Department later prayed for the speedy recovery of one of its members, Dr. Hassan Tijjani, who is suffering from a partial stroke.

Corrigendum

In our Friday 13th April, 2012 no. 13 edition we published that for the first time in the history of sports participation, BUK paraded 100% bona fide students. The story was not captured correctly as it was supposed to read: that since the inception of the WAUG championship, this is the first time in history that it conducted online accreditation, and Bayero University was accredited, to have paraded 100% bona fide students.

The University, it will be recalled, in its tradition parades its bona fide students in any competition and does not in any way use mercenary athletes.

The error is however regretted.

Streamlining Sponsorships and Fellowships

Following the University Management Committee's approval of the recommendations of the Committee of Deans and Directors, a number of aspects on sponsorships and study fellowships for the training of academic staff has been

streamlined. The details are as follows:

1. Conditions for Sponsorship and Study Fellowship

The following general guidelines on sponsorship and study fellowship for various categories of academic staff are now in place.

a) Sponsorship and Fellowship

Abroad: Only confirmed members of staff qualify for sponsorship by the University for study **abroad** (subject to the availability of funds). Such sponsorships could be from MAGIC, TETFund, PTDF and other types of grants and could cover Ph.D and Masters Programmes. Such staff could be awarded study fellowships and shall be **bonded** for the duration of period of study.

b) Study Fellowship Only:

Unconfirmed members of staff who secure full external sponsorship for Ph.D or Masters abroad qualify for award of study fellowship only. For those going for Masters degrees, the Committee of Deans and the Directors will take into account the nature of the programme and staffing situation in their Department in deciding whether to recommend the study fellowship or not. The University shall continue to pay the salaries

and allowances of those awarded the study fellowship. They are to be **bonded** also.

- c) **Return After Masters Programme:** When an unconfirmed member of staff is awarded a study fellowship under (b) above, he/she must return to the University and discharge the bond signed before qualifying for sponsorship for a PhD by the University. However, the study fellowship and bond could be extended to cover a Ph.D programme if the concerned staff secures another full external support for the degree programme.

2. Types of Study Fellowship

For the purpose of bonding, Study Fellowship is now classified into two – full-time and part-time, as follows:

- a) **Full-Time Study Fellowship:** This is for all study fellows studying outside Bayero University, be it abroad or in other Nigerian Universities – irrespective of whether they are being sponsored or not. Such study fellows are to be bonded and expected to pursue their studies on full-time basis. They should be relieved of all departmental and faculty responsibilities to enable them to concentrate on their studies and complete the programmes within the shortest time possible.

b) **Part-Time Study Fellowship:**

 This is for all study fellows pursuing their studies in Bayero University. They are expected to concurrently carry on with their normal duties (but with reduced workload, so that they could graduate within the stipulated period). They are to study on part-time basis and **shall not be bonded**.

3. Living Expenses and Warm Clothing Allowance for Fellows Abroad

The following **harmonized** rates of living expenses and warm clothing allowance for those on full sponsorship by the University (irrespective of the source of support) are applicable:

- a) **For Metropolitan London and large American Cities:** \$1,300 per month.
- b) **For Western Europe and Other Parts of UK and USA:** \$1,200 per month.
- c) **For All Other Countries:** \$700 per month.
- d) **Warm Clothing Allowance:** A once-off payment of \$200 for those studying in temperate countries.
- e) **Book Allowance:** \$1,000 paid only once.

4. Beneficiaries of TETFund Local Scholarship

The Tertiary Education Trust Fund (TETFund; formerly Education Trust Fund, ETF) has clarified that the scholarship given to those pursuing their studies in Nigeria is meant to cover all the aspects of their studies. These include the payment of tuition fees, book allowance, and the like. All the beneficiaries of such scholarship should therefore take note of this development.

5. Conference Attendance For Study Fellows Abroad

Staffs on study fellowship abroad do not qualify for sponsorship to attend any conference throughout the duration of the fellowship.

6. Departure of Staff Granted Fellowship Before Discharging Bond

Staff granted full-time fellowship must on return serve the University continuously for at least the period spent on the fellowship before being released on Study Leave, Research Leave, Leave of Absence and the like. Those who wish to leave the service before discarding the bond should be required to pay for all the expenses incurred on them proportionate to the period left unserved.

7. Minimum Service After Sabbatical

Staff who went to Sabbatical must be required, on return, to serve for at least one year before they are released on Leave of Absence, Study Leave, Research Leave and the like.

Deans, Directors and Heads of Department are requested to bring this to the attention of their staff for guidance.
