31st Aminu Kano Lecture:

Democratic Reversal May Mar 2015 Elections - Prof. Habu Fagge

Nigeria's democratic reversal influenced by party politics, electoral violence, insecurity, ethnicity, religious bigotry, incumbency influence and lack of ideology will deter the country from realizing its potential of conducting credible elections in 2015 and Nigerians may witness a repeat of what happened in 2011.

This assertion was made by Professor Habu Muhammad Fagge of the Political Science Department at the 31st Aminu Kano Annual Memorial Lecture held at the Aminu Kano Center for Democratic Research and Training (AKCDRT), Mambayya House on Thursday, 17th April, 2014. He said some small African countries like Botswana and Senegal have gone a long way in democratization through entrenching credible elections, saying the situation in Nigeria is pathetic and has continued to go from bad to worse.

Prof. Fagge, who spoke on the *Issues on Credible Elections: Appraising the Nigerian Situation* lamented that money bag politicians have dominated the political circle in the country, taking advantage of the poverty stricken people and it is alleged that the continuous insecurity in the North-East is gradually politicized in order to force INEC not to conduct elections in some states, so that many Nigerians would be disenfranchised to favour other parties.

He further explained that in the 80s political parties such as NEPU and PRP were deeply structured under the purview of ideological standpoints, but the present-day parties suffer from good political ideologies.

Prof Fagge advised that to amend such democratic lapses and to put Nigeria into the path of becoming one of the

BUK Commences 2nd Semester Exams April 28

Bayero University is set to commence the 2012/2013 second semester examinations on 28th April, 2014 with GSP courses, according to the Director, Examinations, Admission and Records, Fatima Binta Mohammed.

The Director explained that the GSP examinations would be conducted from 28th to 30th April, 2014 and the entrepreneurship exams would hold on 2nd May, 2014. Fatima Mohammed stated that the main examinations are to be conducted from 5th to 19th May, 2014.

However, according to her, examinations would not be held on 1st and 17th May, 2014 because of workers' day holiday and Kano state local government elections respectively.

democratically advanced countries, the electoral act should be amended before the 2015 election and there should be institutional reform in line with the recommendations of the Justice Uwais committee report, whereby the functions of INEC will be decentralized into three commissions; INEC dealing with purely election matters; the electoral constituency and political party registration, as well as legal framework of operations. He also advised that there must be an attitudinal change and people needed to be adequately mobilized and enlightened to spurn the politics of ethnicity, tribe and religion.

Earlier, the former Vice Chancellor, Professor Dandatti Abdulkadir, who was an associate of the late Malam Aminu Kano, spoke about the reflections of his politics. He highlighted his political struggles and conceded that the late political icon had three good qualities of good association, sympathy for people and the non-usage of official property, which still have continued to place him among the highly respected people in the world.

Also speaking on Malam Aminu Kano's political reflections, his associate and good friend, Sarkin Yakin Lokoja, M.K. Ahmed, said the former P.R.P. henchman was blessed with words of wisdom and he and many others learnt a lot from him. He cited many examples.

The occasion was chaired by the Governor of Katsina State, Barrister Ibrahim Shehu Shema, FNIM, who was represented by Abdullahi Garba Faskari, and the Vice Chancellor, Professor Abubakar Adamu Rasheed, mni, MFR was also represented by the Deputy Vice Chancellor (Academics), Professor Muhammad Yahuza Bello.

The Director of the center, Professor M.D Sulaiman, offered the vote of thanks.

Islamic Banking Has Come to Stay

– Former CBN Governor

By: Muhammad S. Abdullahi

Bayero University's International Institute of Islamic Banking and Finance, (IIIBF) Thursday, 17th April, 2014 hosted the first International Conference on Islamic Banking and Finance with the theme: *“Islamic Banking and Finance: A Leap from Theory to Practice.”*

The conference, which had in attendance renowned Islamic Banking experts from across the globe, was chaired by the executive Governor of Niger State, Alhaji Dr. Mu'azu Babangida Aliyu.

Speaking shortly before he declared the conference open, Dr. Mu'azu Babangida Aliyu, represented by his Justice Commissioner, Barrister Abdullahi Bawa, commended the management of BUK for the leading role it is playing in institutionalizing the teaching and research in the area of Islamic Banking and Finance among the nation's Universities.

He said apart from such excellent role in Islamic Banking in Africa, BUK has achieved a lot in physical and academic transformation. Islamic Banking, Governor Babangida said, has a vital role to play in national economic development. “I, therefore, urge everyone to take interest in it.”

While delivering a keynote address at the conference, Dr. Sunusi Lamido Sunusi, the Danmajen Kano and former Governor of Central Bank, who is the initiator and originator of Islamic Banking in Nigeria, said Islamic Banking has come to stay in spite of the many unfounded reservations about it. He advised that every effort should be put in place to sustain it.

He commended the Osun State Governor for injecting about ten million dollars into Islamic Banking and called on other states and

individuals to emulate the commendable example of Osun State.

In his welcome address, the Vice Chancellor, Professor Abubakar Adamu Rasheed, *mni*, MFR, said the conference was convened in order to shift emphasis from theory to the practical aspects of Islamic Banking, assuring that the management of BUK would do everything humanly possible to support and encourage the institute to achieve its desired objectives.

Also speaking, the Director of IIBF, BUK Professor Shehu Usman Rano, expressed the commitment of the entire staff of the institute to ensure that the institute becomes one of the best in Africa in the area of Islamic Banking.

He expressed appreciation over the support the institute has been receiving from the management of Bayero University, Kano under the leadership of Professor Abubakar Rasheed, saying that with such a support, he would come up with programmes that bring about tremendous improvement in Islamic Banking and Finance in the institute.

Professor Dr. Monzer Kahf of Faculty of Islamic Studies, Doha presented the lead paper on the occasion, while Sheikh Muhammad bn Uthman delivered the second lead paper.

A total of seventy papers were presented at the three-day international conference.

24th NUGA Games, OAU 2014:

Naira Rain for BUK contingents

Bayero University's sports ambassadors to the 24th All Nigerian University Games (NUGA) which took place at the Obafemi Awolowo University, Ile- Ife from 12th - 22nd February, 2014 were on Wednesday 23rd April, 2014 showered with Naira as encouragement/rewards

for the feat they achieved at the national fiesta. They emerged 5th with 8 gold, one silver and 4 bronze medals.

All the gold medalists each received ₦100,000, Silver medalist ₦70,000 and Bronze medalist ₦40,000.

Speaking at the occasion, the Vice Chancellor, Professor Abubakar Adamu Rasheed *mni*, MFR described the performance of the BUK athletes as not only outstanding, but also exceptional, saying that the outcome of the 24th edition of NUGA was the best for BUK. 'It should not surprise anyone if the management decides to reward them handsomely as is being done today', he remarked.

The Vice Chancellor, who was represented by the Deputy Vice Chancellor (Academics), Professor Muhammad Yahuza Bello, said it had been the policy of Bayero University not to use mercenaries (hired students) in competitions of this nature, but always insisted on using 'our own students even if it means not winning any laurels'.

He said the university was happy with the 5th position it took and assured that the management would continue to do everything humanly possible to support and encourage students to participate in all sporting events, including staff.

Professor Rasheed stated that in the past the university used to reward athletes who won gold with ₦40,000, silver ₦30,000 while bronze ₦20,000, saying that management deliberately reviewed the amount upward as part of the efforts to encourage and support the participation of students in sporting events, which he believed was very important for their health and wellbeing.

He thanked the Chairman of the university's Consultative Committee, Professor Muhammad Ibrahim Yakasai, the Director of Sports,

Professor M.G. Yakasai, the coaching crew and the participating students for making the university proud.

In his address, Chairman of the Consultative Committee, Professor M.I. Yakasai, said the feat performed by the students would not have been possible without the support they have been receiving from the management and thanked the Vice Chancellor for the support extended to the Sports Directorate.

He said Bayero University participated in 8 games – Athletics, Basket Ball, Judo, Badminton, Taekwando, Chess, Football and Table Tennis, but stated that it was in 5 games that medals were won. ‘We won gold in Badminton, Judo and Taekwando, Silver in Badminton and Bronze in Athletics, Badminton, Basketball and Judo’, he disclosed.

The Vice Chancellor, Professor Abubakar Adamu Rasheed was presented with an award by the Directorate of Sports for the support and personal interest he took in the area of sports development in the university. The Director of Sports, Professor M.G. Yakasai, moved the vote of thanks.

Those who attended the occasion included the DVC Administration, Professor Sadiq Isah Radda, the Registrar, Alhaji Sani Ibrahim Amin, the Director of Security, Col. A.A Muhammad (rtd) and the University Chief Internal Auditor, Alhaji Suleiman Muhammad Bello.

Staff Games Kick-off August 3

All arrangements have been concluded for the 11th Universities Staff Games to be hosted by the University of Benin from 3rd to 9th August, 2014.

According to a source from the University of Benin all the facilities for the games were in proper shape and the university was pleased to

host the 11th edition of the games, which will bring together staff from different universities of the country to interact and compete in various categories of sports.

The Director of Sports, Professor Musa Garba Yakasai, who returned from the University of Benin for a meeting ahead of the biennial games, said 35 universities attended and many others had signified their interests to participate. He said the Uniben Vice Chancellor, Professor Oshodi, had earlier told them that his tenure in office was coming to an end and that he wanted to round it off with the hosting of the university staff games.

The Director explained that the staff of Nigerian universities would compete in Football, Basketball, Volleyball, Tennis, Taekwando, Athletics, Badminton and Chess.

Prof. Yakasai further commended the Vice Chancellor, Professor Abubakar Rasheed, for his passion in sports. “When I presented the outcome of Uniben meeting, he quickly obliged to sponsor staff to go for the games, but he said only those that can truly represent the university should be selected not those that will make the numbers”, he added.

Similarly, the Head Coach of Football Team, Dr. M.Y. Waziri, has called on staff football players to come out for training regularly ahead of the preparation of the games and tasked others who do not train to do so. He said the screening exercise would soon commence and would be based on only those who train regularly.

He added that the training exercise starts at 4pm at Old Campus football field from Monday to Friday.

Human Physiology Gets New H.O.D

The Vice Chancellor, Professor Abubakar Adamu Rasheed, *mni*, MFR has approved the appointment of Dr. Muhammad Zafar Ali Salim

as the substantive Head of Department of Human Physiology for two years with effect from 8th March, 2014.

In a letter of appointment signed by the Vice Chancellor, the new HOD was urged to give sound academic and administrative leadership to the department.

SUG President Sworn in, Pledges Price Control, Keke Napep for Students

The newly elected President of the Student Union Government, Comrade Liman Abdullahi Usman, has been sworn into office to take the helm of the affairs of the union after having been elected by the students of the University.

The ceremony, which took place on Sunday 20th April, 2014 at the Musa Abdullahi Auditorium saw a few students witness it which the president expressed dismay over the low turnout. But the caretaker Chairman attributed the low-turn out to a technical hitch and the need to conduct the ceremony at that time because of the laid down constitutional provision, which states that “executive council must be sworn in not more than ten days after the announcement of result.”

In his speech, the new President, Comrade Liman Usman, pledged to inaugurate a 20 - man presidential task force to help in regulating the prices of some commodities like kerosene, rice, beans, milo, milk, garri etc through a collaborative effort with the security personnel, who will penalize those who do not adhere strictly to the new market campus policy. He added that the taskforce would not in any way over-take the duties of the executive council, but to complement them.

Comrade Usman stated that his administration had started mapping out strategies to purchase Keke Napep that would shuttle inside the campus in order to ease the transportation

difficulties faced by students, saying students’ interests remained their utmost priority.

The ceremony was attended by the Deputy Deans, New Site and Old Site, Engineer I. A. Rufa’i and Dr. Shamsuddeen Umar, respectively and both of them advised the new leadership to exercise decorum and be foresight in discharging their duties.

The ceremony was conducted in such a way that the speaker of the Student Representative Assembly was sworn-in by the acting chief judge of the union court, Iman Aliyu Aliyu, after which the speaker swore in the President and other members of the executive council.
