

Registrar Registers Former Registrar's Monumental Legacies

The Registrar of Bayero University, Hajiya Fatima Binta Mohammed, has described the former Registrar, Alhaji Sani Ibrahim Amin, FNIM as a mentor and an administrator par excellence, who ingeniously transformed the Registry Department.

Hajiya Fatima Mohammed, who was speaking at the Musa Abdullahi Auditorium on Monday, 4th April, 2016 when staff of the Registry Department organized a send-off to honour the former Registrar, said she would continue from where he stopped for her to boost the morale of the Registry staff.

She said the former Registrar used his creativity to transform the Registry to become the best among the registries in Nigerian universities.

The former Registrar, Alhaji Sani Ibrahim Amin, while speaking at the occasion described the Registry as the “mover of the University System,” being the gate to enter the University and the gate to go out, saying that he did not suffer in getting the Registry transformed because he had the right staff who assisted him a great deal to make his tenure a success.

Alhaji Sani Amin advised the new Registrar to promote the culture of rewarding hard work and fill in the vacant offices of the Directors. He said with the current policy of allocating funds for staff training, additional and better hands, including PhD holders, would soon be in the Registry Department.

The former Registrar advocated the use of partial democracy in the administration of the

Registry Department. He thanked the National Association of Nigerian Universities Students (NANUS), who took the advantage of the occasion to honour him with a certificate of honour, a medal and a plaque for his wonderful performance as Registrar.

The President of the association, Comrade John Ngene Offia, said the aim of the award was to promote the good leadership exhibited by outstanding leaders with vision towards the uplift of people in the country, saying “your desired ideologies and fundamental policies have helped the University in the development of its educational system.”

The Director of Public Affairs, Mallam Ahmad Shehu, thanked all those who graced the occasion, especially the organizers and the Deputy Vice Chancellor (Academics), Professor Sagir Adamu Abbas, who represented the Vice Chancellor, Professor Muhammad Yahuza Bello on the occasion. He thanked the former Registrar for transforming the Registry to give room for the Directorate system to thrive, saying, “we are among the beneficiaries of the system.”

BUK the Fastest Growing Nigerian University – Emir of Kazaure

Emir of Kazaure in Jigawa State, Alhaji Najib Hussaini Adamu CON, has described Bayero University as the fastest growing university in the country that surpasses its contemporaries and even some first generation universities.

Speaking in his palace on Wednesday, 6th April, 2016, while receiving the Vice Chancellor of Bayero University, Professor Muhammad Yahuza Bello, he said, “In Nigeria there is no

university that has recorded immense development like Bayero University, right from 1975 to date, the University recorded tremendous development.”

Alhaji Najib Hussaini said he had a special passion for the University since his childhood when he was accompanying his father, the late Emir, Alhaji Hussaini Adamu, to the initial site of the University at the Army Barracks and when it was relocated to the Old Campus.

He promised to continue identifying himself with the University, including offering the necessary support. He restated his willingness to honour all the invitations forwarded to him by the University Management to attend this year’s Convocation and commissioning of some projects.

The Vice Chancellor, Professor Muhammad Yahuza Bello, told the Emir that he was in the palace to introduce the Management Team of the University and invite the Emir to attend the 32nd Convocation ceremonies scheduled to commence from Wednesday, 20th to Saturday, 23rd April, 2016.

Professor Yahuza Bello told the Emir that the Convocation was staggered in order to provide an ample opportunity to graduating students, parents, lecturers and other stakeholders to interact, saying that on the final day, Saturday, 23rd April, 2016, there would be an investiture and conferment of Honorary Degree of Doctor of Laws on the Chancellor, HRH King Alfred Papapereye Diète-Spiff, Seriyai II and the award of higher degrees.

He commended the Emir and his district heads for the support they had been rendering to the University, adding that the former Vice Chancellor, Professor Abubakar Adamu

Rasheed, had transformed the University and, as such, the present Management was building upon from where he stopped.

The Vice Chancellor was at the palace in company with the Deputy Vice Chancellor (Academics), Professor Sagir Adamu Abbas, the Registrar, Hajiya Fatima Binta Mohammed, the Bursar, Alhaji Buhari Musa, and the Director Public Affairs, Malam Ahmad Shehu.

BUK Model Primary School Staff Honour Former VC, Prof. Rasheed

The Former staff of the Bayero University Model Primary School have presented an award of excellence to the Vice Chancellor, Professor Muhammad Yahuza Bello, and the immediate past Vice Chancellor, Professor Abubakar Adamu Rasheed, for their sterling leadership qualities that made the Primary school one of the best.

The Chairman of the Bayero University Branch of the Senior Staff Association of the Nigerian Universities (SSANU), Comrade Kabiru Baba Mandawari, during the presentation, which took place on Monday, 4th April, 2016 at the Vice Chancellor’s office said the two leaders demonstrated quality leadership to make the model Primary School an educational hub.

Comrade Kabiru Mandawari said the Bayero University branch of SSANU would continue to support the good efforts of the Management in order to achieve the much needed result. He described Bayero University as a highly regarded institutional hub.

The Vice Chancellor, Professor Muhammad Yahuza Bello, thanked the former staff of the Model Primary School for the awards and the tremendous effort to establish a solid foundation

for the school, saying that their tireless hard work would keep the Model Primary School moving, just as the University Management, constituted a Board to privately run the school.

Professor Yahuza Bello urged the former staff to be alive to their responsibilities at their new places of work. He said the University Management would continue to motivate and reward staff members who demonstrated hard work and perseverance at their various Departments and Units.

We Shall Raise the Global Visibility of BUK Journals - Chairman Journals Committee

The Chairman of the *University Journals Coordinating Committee (UJCC)*, Dr. Umar Ibrahim Gaya, has promised an improved quality of all the Journals from Bayero University with a view to giving them global visibility as well as ensuring indexing by the leading educational sites.

Speaking on Tuesday, 5th April, 2016 during the interactive workshops on the ‘Journey towards Visibility and Indexing’ organised for the Editors-in-Chief and Editors of University, Faculty and Departmental Journals, Dr. Umar Gaya disclosed that the management was committed to ensuring improved quality of all the journals.

“The University Journals Coordinating Committee has a long-term dream that some of our journals will qualify for indexing by Thomas Reuters and the high impact factors will be grown,” he declared, stressing that University ranking in the global arena was related to the frequency of the visibility of its Journals and indexing.

According to him, the decision to set up the UJCC was informed by the desire to ensure the production of qualitative journals which would make the university proud.

He said way back in 2010, the remarks of the users of our journals regarding the quality of both technical content and production quality were largely daunting. The University had confirmed this negative development by using external assessors, which informed its decision to constitute the first University Journals Coordinating Committee (UJCC) on the 12th May, 2011, under the chairmanship of Prof. J. A Falola.

However, he said the reconstituted Seven man UJCC under his leadership was inaugurated by the Vice Chancellor, Professor Muhammad Yahuza Bello, on the 22nd February, 2016 with the task of ensuring serious transformation in terms of quality of the content and production, so as to reflect the ideal journals.

Dr. Gaya informed the participants that the workshop was principally organized to serve as a forum for sharing experience, providing guidance and establishing working ties with a view to consolidating efforts towards enhancing the quality of all Bayero University-based journals and ensuring their visibility and indexing.

Two separate papers were presented by the Editor-in-Chief of *Bayero Journal of Engineering and Technology*, Professor A. I. Rufa’i and the Director Centre for Information Technology (CIT) Dr. Ajiya Muhammad, on “Functions and Responsibilities of Journal Editor” and “Visibility and Indexing”, respectively.

CQS Mounts Certificate Courses

The Centre for Qur'anic Studies, Bayero University, Kano, has concluded arrangements to mount four different certificate courses on the Qur'an for various categories of interested persons. This was disclosed by the Director of the Centre, Prof. Ibrahim Muhammad, at the end of the monthly Management Committee Meeting of the Centre held on 23rd February, 2016. The Director expressed gratitude to the University Management for granting approval to the Centre to run the courses.

The courses to be run include Tahfeez Course for BUK students of all the Faculties interested in memorizing the Qur'an during their presence in the University. Qur'anic Hifz certification course is also available for interested members of the public. This course is designed for those who have already memorized the Qur'an but have not been licensed and certified as Huffaz (memorizers). The Tahfeez certificate grants the holder many privileges and opportunities.

In addition, the Director disclosed that the Centre had further rolled out a six-month capacity building course for Alarammomi. It would also run a specialized Qur'anic Ijazah course designed for well-grounded Huffaz who seek to obtain a certificate of a chain of Qur'anic teachers (silsilah) in various odes of recitation (Qira'at) linking up to the Prophet (SAW). He further announced the good news for members of the University community who may wish to enrol for the Basic Qur'an course (for Beginners, Intermediate and Advanced). These courses are due to take off soon. Members of the University community and the general public are, therefore, urged to avail themselves of the rare opportunity offered by these courses.

BUK's New Faculty of Communication is a Huge Investment in the Field of Journalism – Prof. Pate

The upgrading of the erstwhile Department of Mass Communication to a Faculty of Communication was a great challenge to its academic staff that assured that they would do everything humanly possible to live up to expectation by producing the best trained journalists and communication experts in the country.

This was disclosed by the Dean of the new Faculty, Professor Umar Pate, while speaking at the Faculty's first students' orientation programme, which took place at the Musa Abdullahi Auditorium, New Campus on Wednesday, 6th March, 2016.

He said the establishment of the faculty was a dream come true and thanked the former Vice Chancellor, Professor Abubakar Adamu Rasheed, and his successor, Professor Muhammad Yahuza Bello, the Senate and the entire management of the university for not only supporting, but also for their various roles, which culminated into the successful establishment of the new Faculty.

Professor Pate added that the new faculty was a huge investment by the BUK management to train the nation's future journalists and communication experts, saying that on their part, 'we have competent academic staff that are dedicated and willing to offer the best training. In the very near future our graduates will surely be among the best in the country.'

He challenged his colleagues to rededicate themselves, so that the students could get the best training on campus, adding that on graduation they would become hot cakes for the industries.

In the areas of theatre and film industries, Professor Pate stated that the fact was that the Film industry in Nigeria had been intellectualized. This, he said, posed a great challenge. That was why the Faculty would provide the best of training, so that its graduands would compete favourably with the products of any university in terms of performance and the production of films.

He appealed to the students to make the best use of the opportunities offered them and study hard as well as become good ambassadors of the faculty and the university in general.

Two distinguished journalists, Malam Ado Saidu Warawa, of Freedom Radio, Kano and Malam Abba Zayyan, the Zonal Director of FRCN, Kaduna who made marks in the field of the broadcast industry and a Public Relations practitioner, Dr. Ahmad Sarari, who were chosen as speakers, shared their experiences with the students.

Both speakers spoke of the various opportunities open to the students, saying that only focused and serious students could take advantage of them.

They said students should not wait until they graduated before they begin to search for non-existing white collar jobs, advising them to begin right now as students by either being freelance journalists, Public Relations practitioners, advert executives or even make a living as paid masters of ceremony on occasions

Modify BSc Banking & Finance Program to Reflect the Banking Profession – Vice Chancellor

The Vice Chancellor, Professor Muhammad Yahuza Bello, has suggested the modification of the curriculum of the BSc Banking and Finance programme to make it in tune with the reality of the Banking profession.

He made the suggestion on Friday 1st April, 2016 shortly before signing a Memorandum of Understanding between BUK's International Institute of Islamic Banking and Finance (IIIBF) and the Chartered Institute of Bankers of Nigeria (CIBN).

Professor Yahuza Bello stated that most graduates of Banking and Finance always found it difficult to fit into the banking profession without undergoing rigorous training often conducted for the newly employed graduates by bankers, saying that 'if the curriculum was designed to offer comprehensive training on banking, there was no reason why graduates of the field would have to receive another training before they could practice appropriately.'

He said the most unfortunate aspect of it all was that, in recent times, the graduates of other social sciences like Political Science, Sociology, Mass Communications and even English, competed favourably with the graduates of Banking and Finance during employment by banks, and that instances abound where they were chosen in preference to the graduates of Banking and Finance.

The Vice Chancellor stated that if the solution to the above problems necessitated changing the concept of the training, 'so be it. But we will need the support and input of the Chartered Institute of Bankers of Nigeria for that to be realisable.'

He thanked the management of the institute for accepting to collaborate with BUK, adding that the university would do everything to sustain the collaboration.

Earlier, the National Vice Chairman of the Institute, Mr. Aare Adewale, told the Vice Chancellor that the institute was very happy

with the collaboration and that, on its part, it would do all that was needed to make the collaboration a success.

He said the Institute would add value to BUK's IIBF training programme, as well as certify them, adding that the Institute had collaborated with NDIC, Ja'iz Bank, e.t.c. and that of BUK would definitely be like a symbiotic association.

BUK, WAIDI Sign MoU on Malaria Fellowship Programme

Bayero University and the West African Infectious Diseases Institute (WAIDI) have signed a Memorandum of Understanding (MoU) on the Malaria Fellowship Programme to facilitate capacity building on young researchers and major stakeholders.

The Director of the Institute, Dr. Iorwa Apera, said on the occasion, which took place in the Vice Chancellor's office on Wednesday, 6th April, 2016, that the Malaria Fellowship Programme was meant to build capacity on the young in line with the agenda of President Muhammadu Buhari to facilitate researches, using research centres in the country.

Dr. Iorwa Apera said three universities, Bayero University, University of Lagos and University of Nsukka, would participate in the fellowship programme. He said a guideline to select young researchers would be provided, so that after the fellowship programme, a roundtable discussion would be held in Abuja to develop the most advanced Malaria National Research Agenda.

He said, "We are to commission a group of young scientists to go into research so that in the future we have those to take over from the senior ones." He added that Bayero University was actively participating in programmes of immense importance to the country as even

during the fight against Ebola, it participated in the fight against its scourge.

The Director said WAIDI was to work with the universities and interact with other stakeholders, such as the media, social workers, etc. to build their capacity during a train-the-trainers programme, saying that the Institute was working with the centres of infectious diseases research to harness researches and fight the scourge of diseases.

The Vice Chancellor, Professor Muhammad Yahuza Bello, told the Director that Bayero University's Centre for Infectious Diseases Research was the child of Dr. Apera, saying "your visit during the scourge of Ebola to introduce WAIDI to the former Vice Chancellor, Professor Abubakar Adamu Rasheed, was the essence of establishing the Centre."

Professor Yahuza Bello said the MoU was meant to achieve a common goal, as such the University was willing to participate in the project, adding that "we have a strong malaria researcher, Abdussalam Yayo, we would search for the best hand and we are willing to conduct researches that have positive impact on the society."

He said "our dream is to use the many MSc and PhD research findings to tackle malaria scourge in the country. Your proposal is in line with the thinking of Bayero University. When you give the guideline we would select the right person and provide all the support."

Professor Yahuza Bello said currently the University was trying to build an Infectious Diseases Isolation Unit in Aminu Kano Teaching Hospital. Already, the Hospital Management had allocated a land for the project

and the University was working towards sourcing funds.

SPORTS: Final Match of BUK, FCE Bichi Ends in Stalemate **- BUK, LOC Commended**

The final match of Kano State Higher Institutions Staff Football Tournament between Bayero University and Federal College of Education Technical Bichi ended in a 2 – 2 draw played on Thursday, 31st March, 2016 at Old Campus Football field.

The FCE Bichi scored a curtain raiser seven minutes into the play when Abdullahi A. Indabawa brought down Nasiru Baba inside the penalty area and the centre referee, Ahmad Rabi’u Darma, awarded a penalty to FCE Bichi, which was perfectly converted by Nasiru Baba for his 7th goal of the tournament.

Shortly after the resumption in the second half, BUK equalized through a penalty by Mahmuda Ali Yakasai after FCE Bichi’s defender, Zakariya Bashir, committed a foul inside his 16 yard box.

BUK team mounted a ceaseless pressure in search of the winning goal, taking five corners at a time. The 6th corner paid off, when Mahmud Ali Yakasai kicked an inch perfect cross, which was tapped in expertly by Mustapha Mohammed Jamil to give BUK the chance of claiming the inaugural cup.

BUK’s joy was short-lived five minutes to the end of the game. Zahraddeen Jafar capitalized on the defensive error of BUK’s defence to score a superb and classic goal that sent Bichi fans into rapturous jubilation.

A misunderstanding among the fans of BUK and FCE Technical Bichi led to the cancellation

of penalty shootout and the Deputy Vice Chancellor, Administration, who represented the Vice Chancellor, the FCE Technical Bichi, Deputy Provost, Mr. James Attah, some LOC members and other guests decided that the giant trophy supposedly given to the winner should be given to the winner of the 3rd Position, the immigration Training School.

The Immigration Training School had earlier defeated CARS Kano by 2 – 0, at the loser’s final.

Tijjani Usman Jazuli of the Immigration, having scored 8 goals, emerged as the highest goal scorer while Dr. Abdulkadir Dambazau of KUST received a trophy for being the most participating elderly player.

The fair play trophy went to School of Nursing. Despite ending the tournament in this circumstance, most of the stakeholders interviewed believed that it was successful. They said it was a good initiative aimed at promoting understanding and cordial relationship among the institutions.

The other groups interviewed urged the institutions concerned to upgrade the standard of the tournament and commended the BUK and Local Organizing Committee for a job well-done.

Fourteen institutions took part in the tournament which started on 26th February, 2016.

STAFF HOUSING LOAN COMMITTEE: Update FMB Loan

This is to inform all applicants of the Federal Mortgage Bank (FMB) loan that those who collected the FMB Pass Book should see the Secretary of the Staff Housing Loan Committee (SHLC) at the Directorate of Examinations,

Admissions and Records (DEAR) to indicate their choice for the loan. The loan facility can be classified into two.

1. Home Renovation Loan: This is a new scheme introduced by the FMB to consider applicants that already owned a house and are willing to renovate, upgrade or complete the house. To this, 1 million naira could be given by the FMB with the following conditions.

- a) The applicant must have a house.
- b) Not more than 1 million naira would be given.
- c) With a 6% interest rate.
- d) Payable in 5 years.
- e) The applicant must fill a form for the loan.
- f) A bill of quantity should be attached.

2. House Facility: This is the normal loan facility that is designed for applicants to own houses by the FMB as part of the National Housing Fund Scheme.

A letter signed by Aliyu Abubakar, Secretary, Staff Housing Loan Committee, for the Chairman said, "The SHLC therefore urges all applicants to please indicate their choice as soon as possible so that the home renovation form could be shared accordingly. For applicants that are yet to receive their pass book, the FMB is processing theirs and would be shared across to the owners as soon as they are ready."

GUIDE TO BETTER GRAMMAR

With Sheriff Ahmed

Commonly Misused Expressions - 1

God willing, this lesson will be coming your way every week. We shall be discussing some commonly misused expressions, which we take for granted but which are unacceptable in modern English usage. We shall welcome your observations. You may reach us through the email address provided at the end of the lesson.

- The expression ‘as at’, as commonly used in this country, is non-standard English. The correct expression is **as of**, as in:
*He had not returned **as of** the time we arrived.*

Note that the expression ‘as of’ is an idiom/preposition.

- The former Registrar’s send forth came off according to plan. The expression ‘send forth’ is not suitable in the context in which it is used. The correct expression is **send-off**, as in:
*The former Registrar’s **send-off** came off according to plan.*

Note that ‘send-off’ is a noun, meaning an occasion when people come together to say goodbye to somebody who is leaving.

‘Send forth’, on the other hand, means to send somebody away from you to another place. In any case, ‘send forth’ is old-fashioned (in both British and American English).

- I met her of recent. The expression ‘of recent’ is incorrect English. The correct expression is: *I met her **recently*** (here ‘recently’ is an adverb modifying the verb ‘met’).

Note that ‘recent’ is an attributed adjective. This means it is usually used before a noun, as in: *recent development, recent events, recent years, etc.*

Compare: **conducive environment**. Here also the expression is a common mistake in English. The reason is that ‘conducive’ is not an attributive adjective. It is a predicative adjective, and predicated adjectives do not modify nouns. Therefore, do not say: ‘We have conducive environment for learning.’ Say, correctly: *We have an environment **conducive to** learning.* Please avoid saying ‘conducive environment’.

Note, however, that it is correct English to say: *of late*, meaning recently, as in: *I haven't seen him of late*.

- I was **opportuned** to have a handshake with the Vice Chancellor. The expression 'was opportuned' is incorrect English. It should be noted that 'opportune' is not a verb; it is an adjective used to modify a noun. Of course, we all know that 'beautiful' is an adjective. If it is wrong to say 'beautifulled', 'niced', or 'happied', then it is equally incorrect to say OPPORTUNED.

Correct: *I had the opportunity to have a handshake with the Vice Chancellor*.

Correct Usage: *This is an opportune remark. The offer could not have come at a more opportune moment.*

Similarly, it is incorrect to say: He's a **matured** young man. This is because the word 'mature' (in this context) is not a verb; it is an adjective modifying the noun 'man'.

Correct: *He's a mature young man.*

Note, however, that 'mature' may also be used as a verb to mean develop, as in:

- Children begin to mature at different ages.*
 - The plan had matured over the intervening months.*
 - When will the treasury bond mature?*
- I had a **very terrible** dream. The adjective 'terrible' means very unpleasant, extremely low in quality, ill or unhappy, among other meanings. It should be noted that it does not collocate with the adverb 'very'. Study the following correct sentences:
 - I had a terrible dream.*
 - She had a terrible cold last week.*
 - My cooking isn't that great, but it's not terrible.*
 - You look terrible. Are you ill?*

- The stadium was **full to capacity** during the finals. Please say, correctly: *The stadium was filled to capacity* (= was completely full).

You may wish to respond to: ahmedsheriff22@gmail.com.

ARE MOSQUITOES SOURCE OF WORRY TO YOU?

If you don't want to continue living with mosquitoes in your environment try these:

- Screen all your doors and windows with wire net.
- Sleep under an insecticide mosquito treated net
- Avoid using extreme dark coloured paints and curtain in your buildings.
- Avoid leaving scraps (unwanted materials) in your environs.
- Clear all overgrown weeds around your surroundings.
- Avoid stagnation of waste water in your areas.
- Empty your dustbins regularly.
- Clear your drainages and gutters concurrently.
- Avoid dumping refuse in your surroundings.
- Report incessant mosquito and other pest infestations to Environmental Health Unit of the University Health Services for further actions.

FACULTY OF EDUCATION: Orientation for 2015/2016 Session

The Dean, Faculty of Education cordially invites all staff and students in the University to the Faculty's Orientation for fresh level I and II students, scheduled as follows:

Date: Wednesday, 13th April, 2016

Time: 10:00am prompt

Venue: Ruqayyatu Rufa'i Theatre

33rd Aminu Kano Memorial Symposium

This is to invite members of the University Community to the 33rd Aminu Kano Memorial Anniversary Symposium organized by the Aminu Kano Centre for Democratic Research and Training, Mambayya House.

Topics and Speakers:

- 1) *Consolidating Democracy in Nigeria through the Anti-Corruption Strategy* by Barr. Solomon Dalong, Honourable Minister of Youth and Sports
- 2) *Malam Aminu Kano's Politics: A Road Map for Social, Political and Economic Change in Nigeria* by Professor Sule Bello, Department of History, Ahmadu Bello University, Zaria

Chief Host & Chairman of Occasion:

His Excellency, Dr. Abdullahi Umar Ganduje, Executive Governor, Kano State

Special Guest of Honour:

His Excellency, Aminu Bello Masari, the Executive Governor of Katsina State

Date: Sunday, 17th April, 2016

Time: 11.00 am

Venue: Sa'adu Zungur Auditorium Complex, Mambayya House, Gwammaja, Kano

SUG: Orientation

This is to inform all fresh level 100 and 200 students that the Students' Union Government (SUG) has organized an orientation programme specially for them. The orientation programme is scheduled to take place as follows:

Date: Saturday, 9th April, 2016

Time: 10:00am prompt

Venue: Musa Abdullahi Auditorium (1000 Seaters) BUK New Campus.

SEMINARS

The following Faculty/Departments/Centre invite the University Community to their seminars/workshop, scheduled as follows:

Department of Physics: MSc Seminar Presentation

Presenter: Aliyu Abubakar Saleh (SPS/12/MPY/00019)

Topic: *Reliability Assessment of Electric Power Distribution System: A Case Study of Kano Electricity, 11KV Distribution, Sabon Gari Network.*

Chairman: Dr. Bello I. Tijjani

Date: Thursday, 14th April, 2016

Time: 10:00am

Venue: Physics Research Laboratory

School of Continuing Education (SCE): Seminar

Presenter: Tijjani Ali Waziri

Topic: *A Modified Preventive Replacement Model with three Types of Failures.*

Chairman: Deputy Dean

Date: Monday, 11th April, 2016

Time: 11:00am

Venue: SCE Theatre

Department of Medical Microbiology & Parasitology: MSc Postgraduate Seminar Proposal

Presenter 1: Huda Munnir Mustapha (SPS/14/MMM/00004)

Topic: *Detection of Resistance Genes among Salmonella typhi Isolates from Blood Culture of Children aged 0-5 Years with Septicemia in Kano, Nigeria.*

Supervisors: Dr. Yusuf Mohammed & Dr. Taysir Ramadan

Presenter 2: Amina M. Usman (SPS/14/MMM/00025)

Topic: Increased Risk of Severe Malaria among Pregnant Mothers Living with HIV in Kano State, Nigeria.

Supervisors: Dr. Nura Sani & Dr. Yusuf Mohammed

Presenter 3: Abdullahi Sani Gadama (SPS/14/MMM/00018)

Topic: Potential Role of Procalcitonin as a Marker of Sepsis in Pediatrics Cancer Patients in Kano, Nigeria.

Supervisor: Associate Prof. Faruk S/Fada

Presenter 4: Abdulrazak M. Idris (SPS/14/MMM/00001)

Topic: Detection of Penicillin Binding Protein 2a/2' (PBP 2a/2') Antigen Among Clinical Bacterial Isolates of Staphylococci in AKTH, Kano Nigeria.

Supervisors: Dr. Sale Kumurya & Dr. Yusuf Mohammed

Presenter 5: Bashar U. Muhammad (SPS/14/MMM/00014)

Topic: Pre-vaccination Evaluation of Prevalence and Serotypes of *Haemophilus Influenza* in Children with Sepsis in Kano, Nigeria.

Supervisor: Associate Prof. Faruk S/Fada

Chairman: Associate Prof. Faruk S/Fada

Date: Tuesday, 12th April, 2016

Time: 9:30am

Venue: Departmental Board Room

Department of Linguistics: Departmental Seminar

Presenter 1: Nafisa Nasir (SPS/13/MLG/00016)

Topic: *Language Acquisition in a Multilingual Setting.*

Presenter 2: Abdullahi Bashir (SPS/13/MLG/00027)

Topic: *Some Morphological Process in Hausa and Yoruba Numerals.*

Presenter 3: Ihuarulam Mary Patricia U. (SPS/13/MLG/00033)

Topic: *Aspects of Igbo and Hausa Phonology: A Comparative Analysis.*

Presenter 4: Sabitu Mohammed Jinjiri (SPS/13/MLG/00037)

Topic: *A Comparative Study of English and Arabic Demonstratives.*

Presenter 5: Sadiya Yusuf (SPS/13/MLG/00039)

Topic: *Affixation in Igala Language*

Chairman: Professor Bashir M. Sambo

Date: Thursday, 12th April, 2016

Time: 10:00am

Venue: A09

Department of Private & Commercial Law: Seminar Presentation

Presenter 1: Zakariya Mustapha

Topic: *Green Finance Vis-à-vis Sustainable Banking in Nigeria: An Appraisal of the Legal and Regulatory Framework.*

Presenter 2: Maryam Yadudu

Topic: *NCC as a Regulator: Between Effective Competition and Consumer Protection in Nigeria Telecom Market.*

Date: Wednesday, 13th April, 2016

Time: 11:00am

Venue: Faculty Conference Room (F204)

Wedding Fatiha

Mukhtar Lawal Adam of the Department of Physics invites members of the University community and general public to his wedding fatiha with his bride, Sadiya Abubakar Musa, scheduled as follows:

Date: Friday, 15th April, 2016

Time: 2:30pm

Venue: BUK Central Mosque, Old Campus.

131 Best Students Given ₦3,93m Scholarship

Bayero University has awarded the sum of ₦3,930,000 scholarship to 131 students with the highest CGPA at his/her level.

A statement signed by Amina Umar Abdullahi of the Directorate of Examinations, Admissions, and Records (DEAR) said each student would be paid N30,000 immediately.

The beneficiary students are expected to present their I.D. card and letter of award at the Bursary Department before payment.
